

# Meet employees where they are with a compact benefits experience in English and Spanish.

Each employee is unique, with their own preferences and needs. That's why ALEX now includes a text-based, more mobile-friendly benefits experience—in English and Spanish—that gives employees more flexibility with how they receive their recommendations.

## WITH ALEX GO, YOU CAN:

- ✓ Let employees discover their best-fit benefits on their own time and at their own pace
- ✓ Reach your dispersed or remote workforce with an interface built with mobile in mind
- ✓ Support Spanish-speaking employees with benefits guidance in their preferred language
